What is INSPIRE?

INSPIRE is Indiana's Virtual Library. INSPIRE is a collection of academic databases and other information resources that can be accessed by Indiana residents using any computer equipped with an internet Protocol (IP) address located in Indiana and a Web browser such as Firefox or Internet Explorer.

INSPIRE began in January 1998 as a partnership between the Indiana State Library and the Indiana Cooperative Library Services Authority (ICOLSA), along with a one-time grant from the Lilly Endowment, Inc. which funded the StarSearch software and its subsequent development. Assistance by ISTA (Library Services and Technology Act) funding is used for administrative costs.

Ancestry Library Edition "provides patrons with instant access to a wide range of unique resources for genealogical and historical research. With more than 3.5 billion names in over 4,000 databases, Ancestry Library Edition includes records from the United States Census; military records; court, land and probate records; vital and church records; directories; passenger lists and more! These collections are continuously expanding, with new content added every business day."

Newspaper Archive will give you access to a multitude of newspapers from Indiana, Illinois, Michigan, Ohio, and Kentucky. Explore stories, articles and pictures of your ancestors that will inspire you to connect with them on a deeper level. Discover comics, historical ads, celebrity stories, and sports heroes. Some of the stories you will uncover will provide great conversation starters for your next chat with your parents, grandparents or extended family."

Are you in need of study materials for a test coming up? Mometrix Test Prep will give you access to study guides and flashcards for many different types of tests! Whether you are studying for your GED, NCLEX, CDL license and more!
